

# PilotProtector<sup>concept</sup>

## The new Restraining System for fork lift trucks

---

From the well proven restraining system  
**PilotProtector** ...

---

... we are currently developing a new concept which unites the superior features and the high safety of the already established in a new restraining system giving to the driver space where little or no space is.

**PilotProtector<sup>concept</sup>**

## Accept no compromises – from quarter 4-2008
